Other current liabilities	1,212,598,859	-	1,212,598,859	100.00%
Debentures payables	797,447,823	-	797,447,823	100.00%

- (1) Increase in other receivables was mainly due to the balance of receivables resulting from the transfer of equity interests in Baoding Fuyao Glass Co., Ltd. (保定福耀玻璃有限公司) (registered capital of RMB25 million) and an increase in deposits of natural gas.
- (2) Decrease in assets of disposal groups classified as held-for-sale was mainly due to the completion of transferring 75% equity interests in Fuyao Group Shuangliao Ltd. (福耀集團雙遼有限公司) (“**Shuangliao Float**”) held by the Company during this Reporting Period;

- (3) Increase in long-term equity investment was mainly due to the fact that the Group still held 25% equity interests in Shuangliao Float upon the completion of transfer of 75% of its equity interests during this Reporting Period, and hence Shuangliao Float would be accounted for as an affiliate instead of a subsidiary;
- (4) Increase in short-term borrowings was mainly due to an increase in working capital requirements;
- (5) Increase in financial liabilities at fair value through profit or loss was due to unrealized losses resulting from revaluation of some of the unsettled forward foreign exchange settlement contracts of the subsidiaries;
- (6) Decrease in interests payable was mainly due to the payment of the principal and interest for mid-term notes in this Reporting Period (provision for the interests for mid-term notes at the beginning of this year being RMB15.12 million);
- (7) Decrease in liabilities of disposal group classified as held-for-sale was due to completion of transferring 75% equity interests in Shuangliao Float held by the Company during this Reporting Period;
- (8) Decrease in non-current liabilities due within one year was mainly due to repayment of the mid-term notes of RMB400 million and some of the long-term borrowings due in this year;
- (9) Increase in other current liabilities was mainly due to the issuance of four tranches of ultra short-term financial bonds in total during the Reporting Period with annual interest rates ranging from 2.69% to 3.09%;
- (10) Increase in debentures payables was due to the issuance of a 3-year term corporate bonds of RMB800 million with an annual interest rate of 3% in this Reporting Period.

Gains or losses on minority interest	-780,283	1,967,830	-2,748,113	-139.65%

- (1) Decrease in asset impairment loss was mainly due to a decrease in provision made for construction-grade float glass inventory during the Reporting Period;
- (2) Profit arising from changes in fair value was mainly unrealized profits resulting from revaluation of the forward foreign exchange settlement contracts of the Company and its subsidiaries;
- (3) Increase in investment income was mainly due to the disposal of 75% equity interests in Shuangliao Fuyao during the Reporting Period;
- (4) Decrease in non-operating expenses was mainly due to the donation of US\$7 million by Fuyao Glass America Inc. to University of Dayton during the corresponding period of last year;
- (5) Increase in income tax expenses was mainly due to an increase of total profits in this year and the written-down of 10% tax rates difference in the corresponding period of last year, being RMB119.00 million in total calculated based on the original tax rate of 25% for the years from 2011 to 2014 as the subsidiaries located in western China were entitled to a 15% income tax rate under the preferential tax policy for western China development pursuant to the “State Administration of Taxation’s Announcement on Issues Concerning Enterprise Income Tax for the Catalog of Encouraged Industries in the Western Regions” (2015 No. 14) (國家稅務總局公告的2015年第14號《國家稅務總局關於執行<西部地區鼓勵類產業目錄>有關企業所得稅問題的公告》);
- (6) Changes in gains or losses on non-controlling interests were mainly due to the change in gains or losses of Xupu Fuyao Silica Sand Co., Ltd. (濼浦福耀硅砂有限公司), a non-wholly-owned subsidiary of the Company.

3.3 Performance of undertakings of the Company and shareholders holding over 5% shares of the Company

Background of undertakings	Type of undertakings	Undertaking party	Content of undertakings	Time and term of the undertakings	Has performance period or not	Fulfill in a timely and strict manner or not
Other undertakings	Dividend distribution	Fuyao Glass Industry Group Co., Ltd.	<p>The dividend distribution plan for the equity holders of the Company for the next three years (2015-2017) is as follows: 1. Method of profit distribution: Subject to relevant laws, regulations, normative documents, Articles of Association and relevant provisions and conditions under this plan, and on the premise that the consistency and stability of the profit distribution policy are guaranteed, the Company may distribute dividends in cash, in shares, in a combination of both cash and shares or otherwise as permitted by laws and regulations. The profit distribution shall not exceed the accumulative distributable profit without prejudice to the Company's ability of continuing operation. Among these distribution methods, preference will be given to cash dividend as compared to share dividend. Wherever the Company qualifies to distribute cash dividend, the cash dividend shall be adopted for profit distribution. If the Company decides to distribute profit by way of share dividend, such real and reasonable factors as the Company's growth and dilution of net asset value per shares shall be taken into consideration. 2. Frequency of profit distribution: On the premise that the Company records profit for the year with positive accumulative profit undistributed, it shall make profit distribution at least once a year. The Company can also declare interim cash dividend. In the next three years, the Board of the Company can propose to declare interim dividend according to the current profit rate, condition of cash flow, development stage and capital needs. 3. The specific conditions of cash dividend and the minimum ratio of cash dividend: Under the precondition that the Company can maintain continuing operation and long-term development, if the Company has no such matters as major investment plans or major cash expenditures (other than investment projects funded with proceeds from fund raising), the Company shall, on the premise that the Company records profit for the year with positive accumulative profit undistributed, distribute dividend in cash and the profit of the Company distributed in cash shall be no less than 20% of the distributable profit achieved during that year. The specific dividend ratio for each year shall be proposed by the Board according to the annual profit performance and the future capital use plan of the Company. 4. Specific conditions under which shares will be issued in lieu of dividends: Where the Company's business is in a sound condition and the Board considers that the earning per share, stock price and net asset value per share of the Company do not reflect its share capital size, the Company may propose dividend distribution in shares, provided that the above conditions of dividend distribution in cash are fully satisfied. When determining the specific amount of profit distribution in shares, full consideration shall be given to whether the total share capital upon distribution of dividend in share matches with the current operation size, profit growth and dilution of net asset value per share of the Company while the influence on cost of future debt financing shall be taken into consideration to ensure the profit distribution plan in compliance with the overall interest and long-term benefit of the shareholders as a whole. 5. Differential cash dividend policy: the Board of the Company shall take into comprehensive consideration on such factors as the characteristics and development stage of the industry where the Company operates its business, its operational model, earnings level and the existence of major capital expenditure arrangements, to classify the followings and propose differential cash dividend policy according to the procedures stipulated in the Articles of Association: (1) where the Company is at developed stage without any major capital expenditure arrangement, the minimum ratio taken by cash dividend in the profit distribution shall be 80% when distributing profit; (2) where the Company is at developed stage with major capital expenditure arrangement, the minimum ratio taken by cash dividend in the profit distribution shall be 40% when distributing profit; (3) where the Company is at developing stage with major capital expenditure arrangement, the minimum ratio taken by cash dividend in the profit distribution shall be 20% when distributing profit; where it is hard to classify the development stage of the Company and there is any major capital expenditure arrangement, the Company may deal with the profit distribution according to the former item. 6. If the Company recorded profit in the previous financial year but the Board of the Company did not propose any cash dividend plan at the end of the previous financial year, the Company shall consult with its independent directors and disclose reasons for not to propose cash dividend plan and the purpose of reserving such capital which has not been used for dividend distribution in the periodic report. Independent directors shall express independent opinions and disclose the same publicly. 7. Formulation and implementation of profit distribution plan: at the end of each financial year, the Board of the Company shall propose a profit distribution plan and submit to the general meeting for consideration. The profit distribution plan of the Company on which the Company welcomes any suggestion from shareholders, independent directors and the supervisory committee, is under the supervision of the shareholders, independent directors and the supervisory committee. After the profit distribution plan is resolved at the general meeting of the Company, the Board of the Company shall complete the distribution of dividend (or share) within two months after convening the general meeting.</p>	<p>Publishing date of undertakings: March 12, 2015 Performance period of undertakings: between January 1, 2015 and December 31, 2017</p>	Yes	Yes

According to relevant disclosure in the section headed “Substantial Shareholders” as set out in the prospectus published by the Company on March 19, 2015 in relation to the listing of the H Shares, Ms. Chan Fung Ying (“**Ms. Chan**”) and Fujian Yaohua Industrial Village Development Co., Ltd. (福建省耀華工業村開發有限公司) (“**Yaohua**”) undertook that Yaohua and Ms. Chan would jointly make donation of any notional gain to the Company within 15 business days after the lock-up expiry date, being the last day of the 12 months from the H share listing of the Company (i.e. March 31, 2016) (the “**Lock-up Expiry Date**”), from the acquisition of an additional 10,047,792 A Shares (the “**Subject Shares**”) of the Company at an average price of RMB14.916 per A Share on March 2, 2015 in compliance with any lock-up requirements as stipulated in the PRC’s securities laws, rules and regulations. Specific calculation formula is as follows: total amount to be donated to the Company = (the average closing price of the A Shares as traded on the Shanghai Stock Exchange for the five trading days immediately preceding the Lock-up Expiry Date – RMB14.916) × 10,047,792 Shares. If the average closing price of the A Shares as traded on the Shanghai Stock Exchange for the five trading days immediately preceding the Lock-up Expiry Date per Share is lower than RMB14.916 per Share, then the total amount to be donated to the Company by Yaohua and Ms. Chan would be zero. Notional gain to be donated would not require Yaohua and Ms. Chan to dispose the Subject Shares. As the average closing price of the A Shares as traded on the Shanghai Stock Exchange for the five trading days immediately preceding the Lock-up Expiry Date is RMB14.724 per Share, which was lower than RMB14.916 per Share, Yaohua and Ms. Chan are not required to donate to the Company any notional gain obtained through the Subject Shares.
